## **BAUMA 2001**

The International Hardware Fair in Cologne has only just ended and we are already preparing to exhibit at the biggest construction machinery fair in Europe, 'BAUMA' (2/4-8/4/2001).

This fair takes place every 3 years in Munich. It is certainly worthwhile to visit this event and our stand (Hall A5-Stand 310). If you intend to spend the night in Munich, please let us know. Maybe we can meet during the evening.

## **HATZ-O-MANIA PARTY**

On Monday 02/04, from 17.30h onwards, we shall focus on our range of generators with 'Hatz'-engines at our stand. We shall reveal a brand new generator with Hatz 1B40 diesel engine. We can only give away that it is 17dB more silent than its standard brother. So: be there! We shall take care of a small drink and a snack.

## **NEW BOY PARTY**

On Tuesday the 03/04, from 17.30h, we are very pleased to welcome you to the official presentation of the super-silenced NEW BOY-range with Kubota water-cooled 2 and 3 cylinder engine.

## **HONDA SUPER SILENCED PARTY**

Join us at the 'most silent' party of the year.
